14:00 - 15:00 EST

Prashanth Iyengar
Founder & CEO,
RHEO AI

What you will learn in this webinar

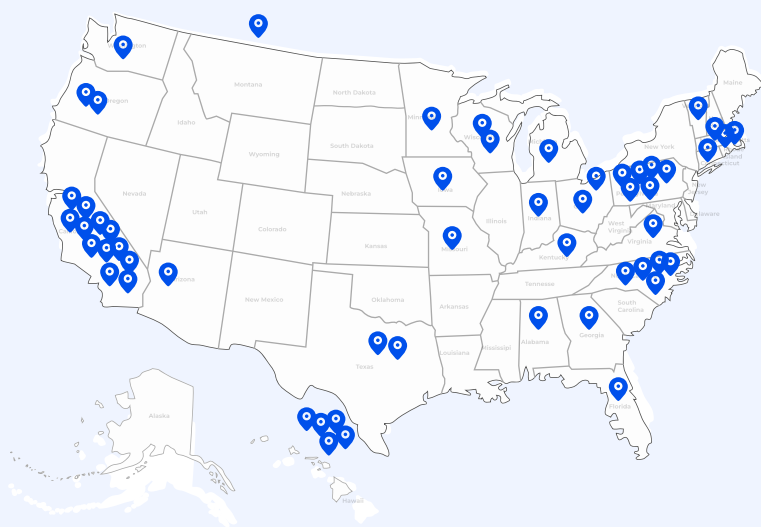

with insights that will surprise you!

- » How Supervisors can **initiate Improvements** on the Shop Floor.
- » How Rheo's **AI Copilot** is that work buddy for your supervisors to manage the Line.
- » How training programs can be **continuous, automated** and **on-the-floor**.
- » How you can create **video-enabled, evidence-based Audits** and **Digital Checklists**.
- » **Bottoms-up idea generation** through automated video evidence.
- » **Standardize performance** and remove variability associated with Product, Line or Operators.
- » **Bring teams across plants together** using Data and Visibility.
- » **Generate customized newsletters** with plant-wise performance summaries using Rheo's Conversational AI Guide, 'O-Rheo'.

... and more

DEPLOYED ACROSS THE UNITED STATES

With over 300 deployments across 45 facilities and growing.

“Rheo has paid for its investment many times over already. Its changed the way we approach problems and solve them. Our response times are quicker, teams collaborate more seamlessly and decisions are backed by data.”

JR Minnich, Vice President of Operations - Northeast, MITER Brands
