

# The KCMA Advantage starts here.

## SUCCESS. THAT'S THE KCMA ADVANTAGE.

We work to grow the North American cabinet industry's success by certifying products and manufacturers, advocating for fair trade and connecting members with each other.

## CERTIFICATIONS

- KCMA certifies the durability of products and the environmental responsibility of manufacturers.
- Our product tests are rigorous and our environmental stewardship guidelines are strict.
- Specifiers and customers know that KCMA certifications mean dependable products and environmentally responsible manufacturers.

## MEMBER SUPPORT

- KCMA produces exclusive industry reports and market insights for our members.
- Our workforce development programs help members train skilled employees.
- KCMA members have access to shared knowledge and best practices to elevate their businesses.

## INDUSTRY ADVOCACY

- KCMA is the voice of the cabinet industry, speaking out on legislative, regulatory and trade issues.
- We educate Congress, the executive branch and our members about issues that affect our industry.
- We fight for fair trade practices to protect North American cabinet industry jobs.

## INDUSTRY UNIFICATION

- More than 300 cabinet manufacturers and suppliers across North America are KCMA members.
- KCMA membership is diverse: It includes cabinet manufacturers, component suppliers and other industry partners.
- KCMA-sponsored events give members opportunities to connect, learn and collaborate.
